Practices.

Study visit Sustainable Transports and Energy Efficiency November 9th

8.15 Bus leaving First Hotel

08.45 Study visit El-Forest

Energy efficient and environmentally sound forestry machinery of the future . El-forest AB was established 2006 by the inventors of the El-forest forwarder, the first forestry machine in the world that uses highly efficient electric hybrid technology. El-Forest represents the latest in forest hybrid technology and combines a high degree of utilization with the latest environmental technology and driver comfort.

09.45 Bus leaving El-Forest

10.00 Study Visit Övik Energi

Övik Energi are using cold water from the bottom of the fjord next to the city to produce something called free cooling. This new plant provides residential blocks, industrial premises and shopping malls with cooling during the warm summer days.

12.00 Lunch at Fjällräven Arena (a short walk from Övik Energi)

This is the home arena for the Ice Hockey team Modo, the mother team for many famous players in NHL. For example one of the worlds most successful players Peter "Foppa" Forsberg.

13.00- **Steering committee Meeting, Fjällräven Arena**

17.00 End of day

18.45 **We meet in the lobby and take a short walk to the restaurant.**

Dinner at Restaurant Mamma Mia
